Who are we?
What do we do?

GERPAAS is a leading manufacturer of multidiscipline electrical and mechanical product groups exporting to more than 90 countries in the 6 continents.

We

With our active role in the industry since 1991 GERPAAS has gained a well reputed recognition in the global market with an extensive range of multi disciplinary products groups. Our know-how and high prestigious projects experiences mainly with the global EPC contractors have led us to a high level of quality assesment and a remarkable integration with our internal units.
